DVMS holds fire drills every month

but, today we had a chance to practice evacuating our classrooms this morning due to a small fire in the oven in Honeysuckle Classroom. The fire alarm system activated, all classrooms evacuated and the fire department was notified.

The children were very excited to see the police and fire department arrive. The fire was extinguished quickly and all was back to normal within 15 minutes.

This is an excellent time to have a conversation with your children about what to do in case of fire in your home. Where would your family gather? What is the best way to avoid smoke?
