We'll read books about color, do cooking and science projects based on a variety of colors and experience many art projects based on primary and secondary colors. HOLA MI AMIGOS! This class will travel through amazing Spanish speaking countries, each rich in Spanish language and unique cultures. They will explore the geography, costumes, and emblematic places of each country. Construction Camp
During the month of August the focus of our pre-school/kindergarten classrooms will be on Construction. What kid doesn’t like to build things? We will build with paper rolls, cardboard boxes, straws or any reusable objects we can find in our environment. We will try to build bridges, homes, or any buildings the children decide to experiment with. Parents are welcome to get involved by saving recycled materials to bring on the first day of camp. We will provide the tools, decorations, glues, and other building materials we may need.

July 29 - August 9 $630
August 12 - August 23 $630

Summer Registration

To enroll in summer school please log into your Family Access Module account. You may complete the registration form for summer school and request extended care through FAM. A non-refundable deposit equal to the tuition of your first program per child is required to reserve a place in the summer programs. The deposit will be applied to the first program your child attends. Students will be invoiced for the summer school deposit along with any additional fees which may apply to new students.

Additional fees for children who have not attended DVMS include the $50 non-refundable application fee and the $75 registration fee.

An application form (for new students), current emergency information form, health form, and immunization record are required before the program begins. Pick up forms in the office when you submit your registration form and deposit.

Thirty days written notice is required prior to the start of a program to withdraw or change from a program without forfeiting your deposit.
