Happy Spring Break! I hope that many of you are enjoying this time to travel and be with family. Those of us who are here at DVMS are having a quiet week, with fewer children in IT House and a small group of PreK/K children in extended care. Everyone is having fun!

On the east side of campus, there is a lot of activity! Engineers are adjusting the foundation jacks under East House. New trenches and enhanced drains are being constructed, and the Buttercup yard will have a brand new concrete slab for a larger play area.

****If you are driving and parking at DVMS on Friday, please use the lot by IT House and the western most area of the main parking lot parallel to Deer Hill Road. We need to make room for the cement trucks.**

Last week the Honeysuckle classroom experienced water damage from a leaking water heater. Unfortunately once the old carpet was pulled up, mold was exposed. Additionally over the weekend we discovered a trace amount of asbestos in the damaged sheet rock. At no time were children exposed! We made sure to have them out of the class as soon as the carpet was pulled. The sheet rock was not disturbed until Friday when the class was sealed off.

Tomorrow and Friday we have an abatement company coming to completely clear the area and begin the restoration process.

We are here for any questions, concerns, and comments! Just give us a call or e-mail.

Have a great week!
Jayne

Updated COVID-19 Policy

As COVID-19 becomes a more normalized part of our lives, Contra Costa County has relaxed the guidelines for child care facilities.

In the event of a positive case, the following process is required:

Must isolate to prevent the spread of COVID; stay home for at least 5 days from when you tested positive for COVID-19. You will no longer need to isolate after day 5 if:

- Symptoms are not present, or are mild and improving; AND
- You are fever-free for 24 hours (without the use of fever-reducing medication).

If you have a fever, isolation should be continued until 24 hours after fever resolves without the use of fever-reducing medications.

If you can end your isolation after day 5 wear a well-fitted mask around others for a total of 10 days, especially in indoor settings, and continue to follow other preventive measures and masking guidance.

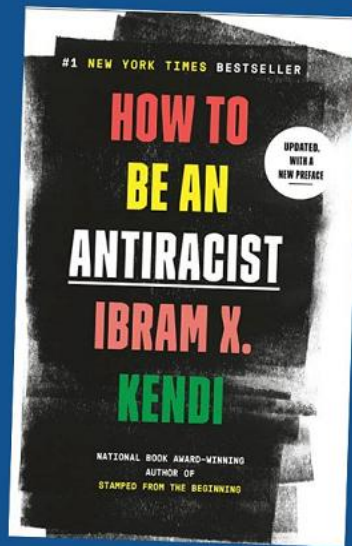

There is no need to test to end isolation after Day 5 of a positive case.

Of course we strongly recommend being vigilant in protecting your family and our community. If your child has any symptoms of illness, they need to stay home. The complete and updated DVMS COVID Policy is attached for your review.
