

Jump and Prance

With

Kinderdance!!!!

Boys and girls ages 3-5 years enjoy an engaging, music and movement-filled curriculum that brings preschool educational concepts to life. Our program is uniquely based on the early childhood science of physical, cognitive and creative development. Children learn the basics of tumbling/ floor gymnastics, ballet, and tap, while free-movement is fostered. We use colorful props, music, dances, and games to inspire, teach, and have fun. We look forward to moving and grooving with your child in our positive, caring classes, as they reach new levels of self-esteem and physical and mental ability. Our school-year curriculum builds upon itself from session to session (Fall, Winter & Spring). Our Summer Session is a fun, theme-based session, very popular amongst the students.
